Smart City Expo World Congress 2024

2024, 5th-7th November

Tuesday

Wednesday

Thursday

14:30 – 18:00 h

Workshop: Strategies and Challenges in Mobility, Digital Transformation and Green Transformation in Japan.

Venue: Area side_events-
Room 1.1. Area CC1

Description: In this workshop we gather governors, mayors and decision makers of the cities of Tokyo, Kyoto, Yokohama and Osaka who will present their current programs and challenges of digitization. Likewise, in this session we have Signing (TOYOTA Motor think tank), and KPMG, interested in learning about Spanish innovation and technologies that contribute to environmental sustainability and the reduction of greenhouse gas emissions. After the presentations, senior technicians from the Japanese cities and companies will have B2G/B2B with a selection of Spanish companies with the most innovative solutions/technologies

15:45 – 16:30 h

Presentación del Espacio de Datos para las Infraestructuras Urbanas Inteligentes (EDINT)

Venue: Hall 2, D100

Descripción: Presentación de la nueva iniciativa de creación del Espacio de Datos para las Infraestructuras Urbanas Inteligentes (EDINT), puesta en marcha a través de una subvención del Ministerio para la Transformación Digital y de la Función Pública a la Federación Española de Municipios y Provincias (FEMP), que va a posibilitar poner en valor de manera colectiva los datos recogidos por las ciudades y territorios y ponerlos a disposición de los sectores productivos. Este espacio de datos será capaz de recoger datos de los distintos ámbitos de las ciudades procedentes de sectores como la movilidad sostenible, el comercio o el turismo, y ofrecerlos e intercambiarlos tanto con otras ciudades/territorios, como con el tejido empresarial de cada uno de los sectores estratégicos de la economía.

- **Luis Martínez-Sicluna Sepúlveda.** Secretario General de la Federación Española de Municipios y Provincias – FEMP.
- **Francisco Javier García Vieira.** Director de RedIRIS y Servicios Públicos Digitales de Red.es

16:30- 17:30 h

Tuesday

Wednesday

Thursday

9:30 – 10:15 h

GRANTS & TENDERS WITHIN THE HORIZON EUROPE 2025 - 2027 STRATEGIC PLAN

Venue: HALL 2-D100

Description: This roundtable will focus on the grants available under the HORIZON EUROPE 2021-2027 program, which offers 100% funding for approved project costs, highlighting the "City Mission" that aims to promote innovation and sustainable development in urban environments. The discussion will also cover tenders targeting companies in the smart industry value chain, offering opportunities for collaboration with major local partners. Additionally, the European Commission's biannual strategic plan for 2025-2027, which defines priorities and specific work programs, will be analysed. Lastly, the importance of creating consortia with local partners to maximize the impact and success of these projects will be discussed.
