A UNIQUE ENVIRON- MENT

Surrounded by the sea and right
in the centre of Barcelona.

All kinds of events can be held
in any of our venues, whether in
the Crew

Lounge, our meeting rooms
or the marina docks.

A photograph of a modern interior space, likely a lounge or event area. The scene is dominated by vibrant blue neon lighting that outlines architectural elements like door frames and walls. In the foreground, a string of warm-toned, spherical lights hangs down. The floor appears to be made of dark wood or stone tiles. The overall atmosphere is contemporary and sophisticated.

VIP MEETING ROOMS

Perfect for holding meetings or boards of directors in a unique environment.

Offering a 16 people capacity, the room is presided over by a 6.5-meter travertine table, and is crowned by a suspended slab, upholstered with terracotta-colored acoustic fabric, which in turn is projected on the floor like a large carpet of geometric pieces of different matching colors.

Natural linen curtains allow to give more privacy to the room without creating opacity, thus always allowing visual contact with the port and the sea.

This space also has state-of-the-art audiovisual systems by Bang & Olufsen.

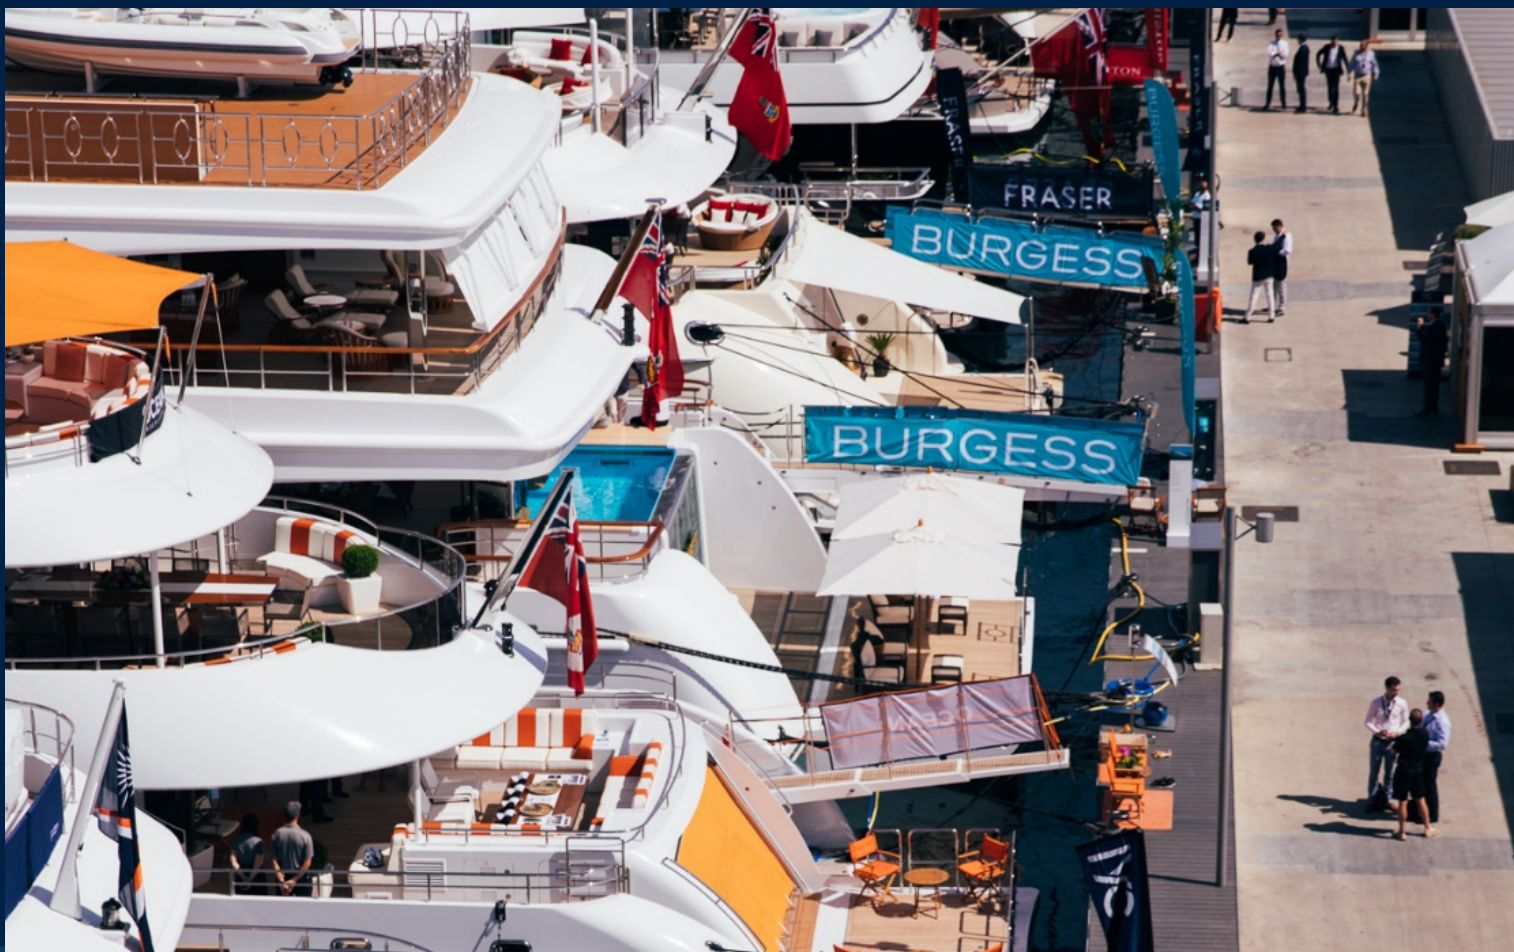

EVENTS AT THE DOCKS

Barcelona offers the perfect climate for holding outdoor events.

At the Marina Port Vell docks, we have hosted major trade fairs, such as the MYBA Charter Show, the Barcelona International Boat Show, the Vermouth Fair and product presentations and select events.
