

Circular Oslo - Circular Regions

A multi-stakeholder regional initiative accelerating the Circular Economy supporting bottom-up and top-down circular solutions.

What is the Circular Economy?

COMPATIBLE PROCESSES

VRPs = *retention of the inherent value of a product*

Direct Reuse 100%

Repair 94-99%

Refurbishment 82-99%

Remanufacturing 80-98%

VALUE RETENTION

Recycling = *retention of only the value of the material that is recycled*
