# Case Study: Remix

# Pilot Milestones

## IMPACT

- Full Bronx Network Redesign in 2 Months Instead of 2 Years
- Queens Network
- Crosstown Express Routes

# Bronx Redesign - Public Reception

"This redesign plan has met the needs of our borough. Thank you to the MTA"

-Bronx Councilman, Mark Gjonaj

## What Do You Get?

- An accelerated, pre-approved process to work with six leading transit agencies
- Direct access to relevant decision makers and subject matter experts
- Exposure to private sector investors and industry experts
- Eight weeks of programming for finalists with a customized plan to evaluate technical integration
- Opportunity to participate in year-long pilot with potential for funding from NYSERDA

## 2020 Challenges

### **Accessibility Challenge**

How can we make New York's public transit system more accessible?

---

### **Curb Challenge**

How can we reduce traffic by improving coordination at the curb?

---

### **Revenue Challenge**

How can public transit generate more entrepreneurial revenue?

# Subway Signaling Innovation Summit

RSVP

Hosted by New York Governor Andrew M. Cuomo, the  
Metropolitan Transportation Authority and Transit  
Innovation Partnership

December 10th 9am - 1pm  
New York University

The Subway Signaling Innovation Summit  
will bring together innovators, stakeholders and  
academic experts to create technology partnerships that  
improve subway safety, performance and operational  
efficiency through signaling modernization, a \$7 billion  
component of the [MTA's 2020-2024 capital program of  
infrastructure investments](#).
