PRODUCT DESCRIPTION

Cable will give you access to the internet with the bandwidth that you have purchased. Fira de Barcelona will install it in your booth where you indicate it. But for Fira to be able to install it exactly where you want it, we need you to send a floorplan to **internet@firabarcelona.com**, locating the cable inside it.

For service activation it is essential to fill the form of Wi-Fi policy from Fira de Barcelona and send properly filled to the address **internet@firabarcelona.com**, you can download the document on a link found within the product description of the on-line platform.
In case you need to share the line, you must hire a switch and / or cables.

TÉCHNICAL DESCRIPTION

The speed connection is symmetrical, the addressing is private and is provided by DHCP. In case you need addressing with public IP, you must hire it separately.

Fira de Barcelona reserves the right to automatically disconnect from the network equipment / devices exhibitor for configuration problems, virus or any other cause, that can damage Fira's network.

The given range is a class C (up to 250 devices), the first 50 IP addresses are reserved for static use.

For any questions please contact the IT service of Fira de Barcelona at: internet@firabarcelona.com

Wi-Fi SERVICES and Wi- Fi/CABLE COMBINATED:

All our spaces are provided with facilities from ultimate generation network capable of distributing 1 Gbps anywhere in the enclosure at a permanent total bandwidth of 24 Gbps. In the other side, a modern installation of Wi-Fi last generation antennas (supporting the 802.11ac standard, with speeds up to 150 Mbps *) integrated into the cable network, provides coverage to all halls making it possible to fully meet the technological needs.

* Always depending on the device you are connecting.

GENERAL CONDITIONS FOR CONTRACTING:

For service activation it is essential to fill the form of Wi-Fi policy from Fira de Barcelona and send properly filled to the address internet@firabarcelona.com, you can download the document on a link found within the product description of the on-line platform.

For any queries before the event, please contact by email to internet@firabarcelona.com and we will be happy to help.

The product offering is divided into three categories:

- OFFICE SOLUTION
- Wi-Fi USERS WITH SHARED BANDWIDTH.
- Wi-Fi USERS WITH RESERVED BANDWIDTH

For more information refer to the online catalog, you will find the description and technical details of all available products in these categories.

¡¡ATTENTION!!

The exhibitors WiFi services operate only in the 5 GHz frequency.

Please refer to the technical specifications of your device and make sure it is compatible. If this is not compatible, you will not be able to use the WiFi service.

For instructions to help you determine if your device supports, you can download a document that will also find within the description of any Wi-Fi product available on the online platform.
